the theory has been gaining ground that money, like merchandles, should be regulated by the market; and even now many of the States have no nearry laws at all, and in those States in which such laws exist they are quite various, and scarcely any two of them are precisely alike."

This is a serious fault, which should be remedied by the enactment of laws making legal interest uniform throughout the Union. "Those States which are Acts or Legislatures of 1875." the Union. "Those States which are now understood to have statutes to supthe Union. "Those States which are the control of t that if more is agreed to be taken, the excess shall be forfeited. Perhaps the most stringent enactments to prohibit usury are those in force in the State of New York."

Formerly the legal rate of interest in Connecticut was 6 per cent. In 1872 a State law was passed making it lawful to charge any rate of interest on a written charge any rate of chapter can be for a state of interest on a written charge any rate of interest in the state of interest in pursuance of 43d section, 6th article of Constitution.
